J.

MONDAY MORNING, OCT 15 1888

THE OHIO AMENDMENTS The substance of the amendmen s relating to liquor traffic, which was voted on in Ohio last week, was as follows has wone, whe is follows

Fill Froposition - The additions section in
and with section 13 of the schedule shall be represent
and there shall be substituted for it the following.

The general assumbly shall regulate the trame in
intextracting liquous so as to provide against evils
resulting therefrom, and its power to levy taren or
assessments thereon is not limited by any provision
of this constitution.

of this constitution."

Scoond Proposition ... The additional section in and with section is of the schedule shell b rapade and there shall be almost there for the bedowing ... The manufacture of and the trefle in it to states that give rapade and the general seamning is a second or so for proliticities and the general seamning shall

The liquor men who make their tight always for free whisky of course did not want it and the most carnest of the temperance men were culisted for the second amendment and proposition to prohibit the liquor traffic to be second disengaged from party, would almost

rty lost much strength through the compli cations of this question. The result shows the that has the appearance of an equivocal po-The party professed to be setther for course which massed against the entire power of the inquor traffic, and yet at dad not get chiefly because it did not plant itself upon their advanced doctrine Fearing the loss of votes in the cities, it refused to advocate prohibition yet it got no vote to speak of but the prubibition vote Had it received that cutive vote with the addition of those who accept whatever goes under the party name it would have disgusted with its refusal to come out on their side, and incensed seamet what leaders, who were accused of a willingness to its for the independent probibition state ticket or for the democratic candidates. It will up these complications. The wise thing at this time would have been to make sure of license and get into a position to raise the bonne for or advance to prohibition, as public sentiment might require However, there is one great fact in this election which stands out before all others, namely the mormons and mexpected strength of the probabilion vote. Politicians of bath parties are going to be very careful how ol with it hereafter

THE SONG SERVICE esportant an adjunct as the clergyst an. The argely due to the spread of a technical knowle whonever called upon to do so It was a part of the public worship, from which no one (it see that the public worship, from which no one (it see that the public worship, from which no one (it see that the fixed littles of her England the public worship, from which no one felt of the public worship, from which no one fall that he was excused. If one could not sing so well as the one of the tree one of real of musical knowledge there has devel sprea of musical knowledge there has devel

among musically gifted persons, and on the
there hand a spirit of diffidence on the
part of such as are now musically gifted. The
cluer has become a necessity and through it
where has been and through it
where has been been to be a good
through the such careful and three two such as the days and three two such divine service has lost much of its aimple im pressiveness. Just so far as music mids to pressiveness. Just so rar as mass. The property of the minds of men and awaken religious taxe leasure as well as about the distance of the minds of men and awaken religious. s ment it should be employed in the church ser Men have always praised God in song so excellent a thing as the service of song may be carried to a harmful extreme. When it be-

their droughts to someths and any subjects, it is not compare and the arrives are as something the control of the cumult something the [14] on The song service of rich and fashiona b's churches has become vimous in its artists; will be corrected as soon as attention is salled excellence. The character of the music, at 15 it benation Blair's committee having been least that next of it given by the choir between preventions in doing nothing for some forms. estellance. The character of the music, at the country bears of the country season of the country season of devotional season lacks almost the pretence of devotional season lacks almost the pretence of devotional season propriety and is much more suggestive of the energy it only not kill verbe capportunity to footlights than of spiritual things. It is the escape it of burying in the piges of its report dety of the ministry to recognize and, if porsible to correct an abase which is hurting the cause of religion

THE CALIFORNIA PLAN
